Bourse Press:

GM-All: ICBM has stopped trading currencies.

SSS-France: Yes, I'm dumping Francs. It's hard to have faith in a quack government.

SSS-GM: Ok, so no \$ sort. How about moving piastres closer to the rest of the currencies.

GM-SSS: In one of my updates to the program I'll fix that, maybe even now.

GMS-GM: Did you have a good time?

GM-GMS: Sure did! Same time next year?

GMS-((SIC)): You'll never know what you missed.

GM-All: More bourse press below and on page 6.

GM-Stimmel: Sorry, no room for football ratings this time. Print them next time?

Peter Parker-PPM: Nah, ya got it all wrong--I do not do battle on corporate level. Perhaps you didn't recognize the name of my alter-ego. No problem, that's what civilian identities are there for. No, I am a SuperHero bent on the destruction of all the baddies in this world. For now I'll settle for all the baddies in the bourse game. And I'm starting with the heinous West Coast Collaborators. These insidious Californians believe they can successfully pool their buying power and thus subversively manipulate the market and artificially drive up selected currency. However, they shall yet learn that (corporate) crime does not pay!

TAPP-Stimmel: Oh sure, you brag about your great college football record and then you don't give us any hints about the bowl games! Gee, look at all those teams from the West Coast! And UCLA got their butts kicked! (Written 12/22).

Hai! Jikai! Houserules

- 1.0 The 1976 Rules of Diplomacy will be used except as overridden here or by the rules of the variant being played.
- 2.0 Preference lists will be used if supplied.
- 3.0 Spring 1901 NMRs will delay a variant. Neutral orders will be used in regular dip.
- 4.0 Conditional orders are encouraged.
- 5.0 Two requests are required to separate seasons unless stated otherwise.
- 6.0 Orders should be on separate pieces of paper for each game and should also be separate from all other correspondence.
- 7.0 Orders should include the game's number or name, the country, the season, the date, and the player's signature. Orders with the latest date or the highest priority number will take precedence. Where two or more sets of orders have the highest precedence ambiguities may occur.
- 8.0 Each unit MUST be individually ordered and MUST have the correct ID. A or F
- 9.0 I will attempt to interpret badly written orders to an extent. But if you do badly write an order you MUST accept my interpretation of the move. If you want an order to be truly mis-written, tell me.
- 10.0 You are free to use whatever abbreviations you want. But, if you don't use standard ones, you get what I decide, NO arguments. NOR usually is NWY.
- 11.0 The unwanted convoy will be allowed. Even to disrupt a purely land move.
- 12.0 Orders may be mailed or phoned and must arrive on or before the deadline. Phone deadline is noon of the deadline day. NO calls after midnight. ABSOLUTELY NO collect calls. NO NMR insurance calls will be made. I make NO guarantees that you will be able to reach me by phone.
- 12.1 Player codes will be assigned. You MUST use your player code when phoning in orders unless we have made other arrangements. You may request to have a new code assigned at any time.
- 12.2 I will now also accept orders via selected electronic mail systems. Orders may be sent via MCI Mail (I will now be checking for orders on this system), my mailbox is MKELLER. I will also accept orders on other systems, but you must inform me of what system and I must agree that it is acceptable. Orders on any system must be in by noon on deadline day!
- 13.0 Errors in adjudications must be reported by the next deadline or they will stand.
- 14.0 Standard treatment of NMRs. Standbys will be used if available.
- 15.0 Resignations will be accepted with a final set of orders. The player can recommend a replacement.
- 16.0 A Standby will receive a free issue of HJ when he is called and submits a set of orders.
- 17.0 A player may win by meeting the victory criterion or by concession.
- 18.0 Draws and concessions may be proposed by and may include any remaining country. I will NOT run DIAS games.
- 19.0 An NVR is a vote against yourself.
- 20.0 Grey press except on black press games. You may dateline press from anywhere except for anyone else's home centers and the datelines: Vondium, GM, HJ, Hai! Jikai!, Orangevale, Vallia, & Dray (Prescot) which are mine.
- 21.0 If you deceive the GM here, bad things WILL happen to you.
- 22.0 These rules may be changed or ammended at any time.

Well, there they are. I tried to keep them very simple. If you have any questions about them, feel free to ask.
